

Villa Duo - "your house by the sea"

1. Introduction

2. Floorplan and photos

The Villa Duo is a luxury house with five rooms and three bathrooms, on three floors:

Top floor - "Studio": one combined bedroom / living area / small kitchen; one bathroom; large balcony. Access to roof terrace and garden via staircase in the corner.

Middle floor - one bedroom; one bathroom; one living area with kitchen, lounge and optional second bed. Access to roof terrace and garden via staircase in the corner.

Ground floor - one bedroom; one bathroom; one living area with kitchen, lounge and optional second bed; direct access to garden with sliding windows. Access to roof terrace via staircase in the corner.

Clever design: the staircase in the corner allows each floor to be rented out as a separate apartment with its own entrance.

The villa includes:

- **Roof terrace** with jacuzzi* and panoramic sea view
- **Private garden** for the exclusive use of the household, with pool*
- **Parking** area for two cars next to the house
- **Sea-view** from each floor of the house.
- **Sea-view** from the garden.

* A selection of jacuzzis, and choice of swimming pool design, are available at extra cost.

The Villa Duo houses are situated in pairs, like semi-detached houses.

However, unlike semi-detached houses, there is:

- **no common shared wall, and**
- **no shared roof.**

Each is an independent building, each is an independent structure, separated by two outside walls and a layer of insulation.

Like all the property in Seagarden Villas, the Villa Duo benefits from:

- **The Beach** - just 2 minutes walk away
- **Management** - everything looked after
- **Facilities** - spa center, restaurant, bar ...
