

Seagarden Resort is south of Lozenets, near the Oasis resort and Lalov Egrek watersports centre, a favourite holiday destination for tourists.

Many wealthy Bulgarians have chosen Lozenets for their holiday villas, including actresses, sportsmen and businessmen.

Lozenets is easy to reach, less than 50 minutes from Burgas airport on the coastal highway.

Available now! Construction of Seagarden Resort began in June 2007. Both off-plan and partly finished properties are available. All the houses in phase 1 have received the Akt "14" certification.

Mekoa Limited is active in the property and construction sector in Bulgaria. It employs architects, engineers, construction workers and property consultants, to provide a complete solution for the property investor.

Mekoa Seagarden Resort is near Lozenets village in the municipality of Tsarevo, Burgas Province.

The neighbouring village to the north is Kiten in Primorsko municipality, to the south is Tsarevo town, and Ahtopol village. Sozopol town is about 26km north of Lozenetz, the Dyuni resort about 16km north.
